Disability Mentoring Day and Career Fair

Tap Your Potential
(Talents, Abilities, Possibilities)

April 27, 2011
9:00 AM – 2:00 PM

Reichel's Catering and Event Center
725 Norway Drive, Annandale, MN 55302

This event is for students to learn firsthand about career opportunities and expectations and for employers to learn about the wealth of ability among these potential employees.

The day includes: breakfast for employers, lunch for students and employers, a passport activity for students and employers, breakout sessions, and mock interview opportunities, as well as a video of Wright County young adults already employed in the community. Primarily, we are seeking to establish positive connections and understanding between employers and youth with disabilities.

Please consider sharing your expertise with the youth of your communities.
